ACE AND QUIET ELCOMED IN ATLANTA

Sign of Rioting Tuesday and Wednesday.

BSINESS IS AGAIN RESUMED

termined Gathering of Representative Citizens Gathered at Courthouse and Passed Resolutions Condemning Action of Mob and Pledge Law and Order.

Atlanta, Sept. 27.—With the passg of Monday night also passed the mporary reign of terror which had den Atlanta's portion since Saturday fternoon. There was a subtle, unefined feeling which pervaded the ery atmosphere Tuesday that told the risis was over, and the tension under hich all have labored for several ays has been relaxed.

There was little that occurred calulated to disturb the most extreme larmist. Nearly every one went bout nursing the even tenor of their way, the absence of predictions of dire calamities yet to happen contributing to the growing feeling of confidence that all rioting had been put down with a firm hand, and that normal conditions would prevail.

Save for the surrounding of Brownsville at daybreak by the militia, and the arrest of such of the negro population of that place as was armed, and the shooting of two negroes by policemen near the corner of Randolph and Magruder streets, the day was devoid of any happening calculated to arouse excitement. The shooting of the two negroes by the police officers was merely a case of resistance to lawful authority, in no way connected with the recent happenings which have so disturbed the citizens of Atlanta.

Peace meetings marked a turn in the tide of affairs, and the successful and largely attended mass meeting at the courthouse developed a conviction that all cause of excitement had subsided. The cheery call of the steam whistles and factory bell, calling laborers to work Wednesday morning, was about the most agreeable sound which greeted the ears of Atlantans.

Perhaps the best index to the changed situation is that the police station is no longer inundated with alarming rumors, such as have kept the 'phones in all the offices of that trouble center busy since Saturday night. Up to an early hour Wednesday morning there were no alarming reports, and, save for the fact that more officers were kept in reserve to act in any possible emergency, the police station once more wore the air that it did a week ago.

Dull times are in store, too, for the police force. With the closing of the Decatur street and Peters street barroom and restaurant dives, much of the police material of the city will have passed away forever.

At a mass meeting of Atlanta citizens the following resolutions were passed:

"Whereas, this city has been the scene of a series of horrible crimes against women, causing great excitement among the people and leading to disorder and mob violence.

"And whereas, the spirit of retaliation for crime, working under cover the mob, makes no discrimination between the innocent and the guilty and causes the murder of innocent and law-abiding citizens.

"And whereas, the first duty of any government is to protect life, liberty and property and the first duty of the citizens is to obey the law and support constitutional authority in its enforcement.

"And whereas, the present state of affairs had demonstrated the fact that crime breeds crime and lawlessness begets more lawlessness and when a question between the races has arisen the existence of riot, acts of violence and the spirit of the mob engenders hatred, fans the flames of racial passion and spreads the spirit of anarchy until the very foundations of government are shaken, therefore be it

"Resolved, That this meeting, composed of the members of the chamber of commerce and other law-abiding citizens, does solemnly protest against the spirit of lawlessness that has tarnished the fair name of our city and led to the commission of crime.

"We denounce the cowardly and brutal murder of innocent people and the wounding of others, and we call upon all good men to lift their voices for law and order and use their influence to check the riotous spirit that is abroad in the community.

"We deplore the crimes of both races which have been committed by their worst elements, and we solemnly protest that mob rule is the worst evil that can afflict society, for it carries in its train all the crimes that human beings are capable of and if not checked will lead to the destruction of government itself.

"We call upon the authorities of our city and state to crush anarchy with an iron hand and spare neither expense nor force to do so.

"And we demand that the authorities spare no effort to put a stop to the assaults on our women. If it takes more men or more money to do it that the authorities act accordingly. Our womanhood must and shall be protected.

"It is not right nor just that the innocent, both white and black, shall be punished for the sins of the guilty, and the events of the past few days prove beyond doubt that it is the innocent of both races that are made to suffer as the result of the unrestrained effort of the mob to avenge the dastardly outrages that should be and must be punished by law.

"We further declare that it is the duty of our city to care for the sick and wounded of both races and to bury the dead and we pledge our willingness to assist the authorities if needed.

"Where government has not been able to protect life the common instincts of humanity demand that it at least care for the victims of violence in sickness and death."

Passengers Had Narrow Escape.

Columbia, S. C., Sept. 27.—A trolley car bound toward Waverly, in charge of Conductor Robinson and Motorman Trotter, was caught between two sections of a Southern railway freight train at the Taylor street crossing and was damaged to the extent of $500 or $1,000. The crew and the three passengers escaped death almost as by a miracle. The train parted and the motorman, thinking the train crew intended by the movement to clear the crossing for him, sent his car into the opening, and half of its length was across the tracks when, without warning, the engine started backward, crushing the forward platform of the car as if in a giant vise. The crew and passengers saw their peril barely in time to jump. They had barely cleared the wrecked car before the train again parted and as suddenly came backward once more, further crushing the wreckage.

Will Form Lumber Association.

St. Louis, Sept. 27.—Over 50 representatives of lumber companies of Missouri, Texas, Alabama, Louisiana and Mississippi assembled at the Jefferson hotel Wednesday to make preliminary arrangements for forming an association which will represent a capital of several million dollars and be known as the Southern Lumber Operators' association. It is said that the primary object of the organization is to find means for overcoming the shortage of cars for shipping purpose, which is handicapping lumber dealers in the south.

Drummer Was Apprehended.

Columbus, Ga., Sept. 27.—Jerome Joy, formerly a traveling salesman in the employ of David Rothschild & Co., of Columbus, has been arrested in Duluth, Minn., on a charge of larceny after trust, it being alleged that he embezzled funds of the firm. It is reported that the amount of the alleged theft was between $1,300 and $1,500. Joy left Columbus a few weeks ago, and since then the officers of the law have been looking for him.

White Woman is Assaulted.

York, Pa., Sept. 27.—A posse of constables armed with shotguns is scouring the river hills of Peach Bottom township in search for Charles Jamison, a negro, charged with an assault on Mrs. George Johnson.

Hughes Nominated For Governor.

Saratoga, N. Y., Sept. 27.—Temporary Chairman Driscoll called the Republican state convention to order Wednesday a little after the appointed time. State Senator W. W. Armstrong of Rochester was unanimously elected permanent chairman and on assuming the gavel spoke at considerable length on the respective records of the Democratic and Republican parties in the administration of state and national affairs. The committee on resolutions then made its report, which was adopted without dissent. Charles E. Hughes, who conducted the insurance investigation before the legislative committee, was placed in nomination for the governorship by Job E. Hedges of New York county. The nomination was greeted with tremendous enthusiasm. Senator Tully of Steuben county seconded the nomination, and Mr. Hughes was chosen by acclamation. M. Lynn Bruce was similarly nominated for lieutenant governor.

Motes Acquitted on Murder Charge.

Homer, Ga., Sept. 27.—The superior court of Banks county, with Judge Brand presiding, was engaged during the whole of Tuesday with the trial of the case of the state against Henry Motes, charged with murder. Motes killed Edwards in a difficulty at Maysville in October, 1904. Much evidence was introduced by both the state and the prisoner, the defendant claiming that he acted in self-defense. The evidence and the argument of the attorneys consumed the entire day. The jury, after remaining out a short time, returned a verdict of not guilty, and Motes was discharged from custody. The defendant, Motes, was represented by Reuben R. Arnold of Atlanta, Fletcher Johnson of Gainesville, and Messrs. Griffin and Brown of Homer, while the state was represented by Solicitor General Tribble of Athens, and Mr. Faulkner of Bellton.

Clansman Barred at Birmingham.

Birmingham, Ala., Sept. 27.—Acting Mayor Fulghum Wednesday made the statement that he will notify the manager of a local theater where "The Clansman" is billed to appear for three days, that its production will not be permitted because of the possibility of inciting race troubles. A majority of the aldermen have agreed to this course, and formal action will be taken at the next meeting of the board of mayor and aldermen. The local newspapers had urged that this action be taken in the interest of peace between the races.

Satisfactory Agreement Reached.

Norfolk, Va., Sept. 27.—The representatives of the Order of Railway Conductors, who have been in Portsmouth for more than a week in conference with officials of the Seaboard Air Line Railway relative to a new wage scale, decided on 25 a recent convention of the order, left for their homes late Tuesday night. John A. Edson, chairman of the general committee, stated that they had reached a satisfactory agreement with the officials and the conductors would receive a substantial increase in wages.

TO INVESTIGATE CASE OF PRICE

If Guilty, Negro Postmaster Will Lose His Poistion.

Washington, Sept. 27.—The post-office department has taken cognizance of the case of J. L. Price, the negro in charge of the station in South Atlanta, who, it is reported, has been arrested charged with supplying ammunition to the blacks.

An investigation now is under way, and if it be true, as alleged, that Price has been taken into custody on the grounds stated, and is convicted, he will be dismissed from the service of the government.

The practice of the department universally has been that employees committing offenses involving arrest and conviction are removed from their positions. A report has been asked for from the postmaster in Atlanta, and until it is received no action with regard to Price will be taken.

New Meat Export Rule.

Washington, Sept. 27.—The acting secretary of commerce and labor has promulgated certain rules regarding the exportation of meats and meat products prescribing the manner of inspecting carcasses and the issuance of certificates, labels etc. The rules require that both the original and duplicate certificates shall be delivered to the exporter, who shall file the original with the customs officers and the duplicate with the consignee to be used by the latter in identifying the shipment at the point of destination by comparison with the original. Clearance is to be denied to any vessel carrying meat products for exportation where regulations have not been strictly complied with.

Ku Klux Klan Was Broken Up.

Augusta, Ga., Sept. 27.—The police authorities Tuesday discovered a secret organization of Ku Klux in Augusta and broke it up. Detectives found in a local job printing office literature privately printed for the organization and on further investigation, found that a local tailoring establishment of high repute had made gowns and other regalia for the band. The literature and gowns were confiscated, the former being destroyed. A number of the young men connected with the organization were arrested and placed under peace bonds. It was the purpose of the Ku Klux to make their first visitation on White, the negro preacher-editor, who left the city Tuesday afternoon.

White and Black Engage in Duel.

Commerce, Ga., Sept. 27.—Robert Morrison, a white man, and Peter Moon, a negro, engaged in a fight at Hix, in Madison county, Tuesday. Morrison was shot in the hand, and Moon was shot once in the throat and three times in the breast. L. F. Maxwell, a white man, who was standing near, was struck by a ball from Moon's pistol, the ball entering the point of his shoulder, breaking the collar bone and ranging downward into the body. The ball has not been located. The difficulty was the result of a trivial dispute, the lie was passed, and pistol shots followed.

Savannah Cars For Panama.

Waycross, Ga., Sept. 27.—The car factory in this city is now running day and night and are turning out from six to ten completed cars per day. A night force goes on immediately after the day force quits work, and in some departments there is work going on every hour in the 24. All the cars for the United States government to be sent to Panama are to be constructed in the Savannah shops of the car company. They will be loaded in four pieces on ships in Savannah and carried direct to Panama.

Brady, Neb., Sept. 27.—The Bank of Brady was wrecked by robbers Tuesday morning. Four charges of dynamite were used and the ruin is complete. The amount of money taken is not known. A big force of men and dogs is in pursuit of the robbers.

Well-Known Newspaper Man Dead.

PALMA TO RESIGN; DESIRES INTERVENTION

May Force United States to Bring About Peace.

TAFT AT OUTS WITH PALMA

Taft Claims That Instead of Cuban Officials Co-Operating With American Commissioners, They Have Rejected Terms of Peace.

Havana, Sept. 27.—Cuba is practically without a government and the taking of American forces to restore order in the island is believed to be the necessary outcome. The moderate, or government party, decided to abdicate everything in the nature of national, provincial and municipal government and thus force the hands of the American peace commissioners and thus compel the United States to see itself for the second time in Cuba.

The liberals or opposing party denounce the action of the Palma administration as treason, but the conservative interests throughout the island welcome the idea of American intervention as being the only means of securing an orderly administration of the island's affairs of the length of time. It is pointed out that even if the American commissioners succeeded in establishing the liberals in power it would not insure peace in Cuba and that the period of unrest would continue indefinitely. The government officials admit that they prefer American intervention to seeing the liberal party in power. President Palma, at a special session of congress called for Friday, will formally present the resignation of himself and vice President Mendez Capote, but it is not certain that a quorum will be present, as the moderates decided that they would not have any further relations with the government of Cuba, also alleging unfair treatment at the hands of the American commissioner. The latter have plainly signified their disgust at the conduct of the government leaders and have practically abandoned their efforts to restore order in the island, except by the use of force. Secretary Taft has pointed out that the Cuban officials, instead of cooperating with the American commissioners, have engaged in every kind of obstruction with the object of continuing their control of the government and have rejected terms of peace proposed by the Americans, which was honorable to President Palma and his advisers.

Washington, Sept. 27.—Colonel Waller of the marine corps has been directed to proceed at once from Norfolk to Havana and make preparations to receive the marines that are to be landed there. Colonel Waller will go by the quickest route to Havana. He was directed by Brigadier General G. F. Elliott, commandant of the marine corps, to assume immediate command of all the marines in Cuba on his arrival there and to prepare for the organization of additional marines who will arrive next week. Orders have been issued for the marines at Pensacola to proceed to Mobile and take the first available steamer for Havana. The Key West marines have also been directed to take the first steamer sailing from that port for Havana, and the New Orleans marines will proceed on a Morgan line steamer from that port, as originally announced.

"Repubs." Won't Launch Ticket.

Birmingham, Ala., Sept. 27.—The Republican state executive committee at a meeting here decided not to nominate a state ticket this year, and Charles Scott of Montgomery, national Republican committeeman from Alabama, who was recently announced as a candidate for governor, declared before the committee that he had considered the matter and regarded it as inopportune to make the race. A resolution was passed condemning any tendency to rebel against the party authority. This resolution is understood to be aimed at Judge Parden and other anti-administration Republicans who have called a mass state convention to meet here Thursday to consider putting out a state ticket.

SIX INJURED IN CRASH.

Disastrous Results of Hazing Attempt at University of North Carolina.

Charlotte, N. C., Sept. 27.—J. J. Hatch, a member of the freshman class at the University of North Carolina, shot and perhaps fatally wounded Bernard O'Neill, a sophomore of Wilmington, on the campus Tuesday evening O'Neill received a bullet in his right groin and was carried to the college infirmary, where he is in a critical condition. Hatch, following the shooting, fled to his room and held off would-be captors with his pistol. Finally he admitted a newspaper correspondent, to whom he gave his version of the tragedy, and then, after a talk with President Venable, surrendered to the civil authorities.

Hatch, who is a youth of 17, stated that while crossing the campus in a patch of woods in semi-darkness, a crowd of students caught hold of him and he fired. He betrayed no nervousness over the affair.

O'Neill's companions say they were strolling along the campus with no thought of Hatch until they came upon him. He drew his gun and then they caught hold of him in self-defense.

Both young men are socially prominent in their respective towns.

SIX HUNDRED IN CRASH.

Collapse of Saloon at Memphis Came Without Warning.

Memphis, Tenn., Sept. 27.—The building at 95 South Main street, occupied by L. Ginnochion, a saloonist, collapsed Tuesday afternoon. Six people have been taken from the debris in an injured condition, one seriously. It is not believed that there was any loss of life. The crash came without warning and attracted a large crowd to the scene.

Among those taken from the wreckage are:

Frank A. Weaver, steamboat mate, St. Louis, not seriously hurt.

R. E. Mitchell, manager of Union Sand company, Memphis, back wrenched.

Mrs. Sophia Rand, Memphis, who lived in the third story, slightly hurt.

The police say that it is their belief that no one was killed in the collapse of the building. Several persons who roomed in the structure have been accounted for.

The Breath of Life.

It's a significant fact that the strongest animal of its size, the gorilla, also has the largest lungs. Powerful lungs means powerful creatures. How to keep the breathing organs right should be man's chiefest study. Like thousands of others, Mrs. Ora A. Stephens of Port Williams, O., has learned how to do this. She writes: "Three bottles of Dr. King's New Discovery stopped my cough of two years and cured me of what my friends thought consumption. O, it's grand for throat and lung troubles." Guaranteed by all druggists. Price 50c and $1.00. Trial bottle free.

Price Raised on Salt.

New York, Sept. 27.—The International Salt company has raised its prices on all grades of salt approximately 60 cents per ton. This is said to be the third raise within a period of three months. The latest advices are that the shutting down of two of the largest producing plants in the Utica district has caused a shortage in the supply; that the demand is unprecedentedly large and that difficulty has been experienced in securing cars to transport the product.

General Robert E. Lee

Was the greatest general the world has ever known. Ballard's Snow Liniment is the greatest liniment. Quickly cures all pains It is within the reach of all. T. H. Pointer, Hempstead, Texas, writes: "This is to certify that Ballard's Snow Liniment has been used in my household for years and has been found to be an excellent liniment for rheumatic pains. I am never without it." Sold by W. M. Johnson.

Negro Murdered Farmer.

New Orleans, La., Sept. 27.—Specials from Macon, Miss., says that John A. Cotton, a farmer, was shot and killed by a negro. Two negro boys have been arrested, one of whom the authorities believe did the shooting.

Dr. Finn's Testimony Interesting.

Dr. Thomas Finn of Boonsboro, Mo., who has practiced medicine for 32 years, says he has used every prescription known to the profession for treatment of kidney and bladder diseases, and says he has never found anything so effective in both chronic and acute kidney and bladder trouble as Foley's Kidney Cure. It stops irregularities and builds up the whole system. J. W. McCollum & Co.

Chew What You Know About and Know What You Are Chewing

There is real pleasure in chewing the best tobacco grown—where the best tobacco grows—in the famous Piedmont Country.

Only choice selections of this well-matured and thoroughly cured tobacco is used in making SCHNAPPS. That's why SCHNAPPS and others of the Reynold's brands, as shown by the Internal Revenue statistics for a fiscal year, made the wonderful growth of six and one-quarter million pounds, or a net gain of one-third of the entire increased consumption of chewing and smoking tobaccos in the United States.

Evidently, chewers cannot resist the flavor and they cheer SCHNAPPS because SCHNAPPS cheers them more than any other chewing tobacco, and every man that chews SCHNAPPS passes the good thing along—one chewer makes other chewers—until the fact is now established that there are many more chewers and pounds of tobacco chewed, to the population, in those States where SCHNAPPS tobacco was first sold than there are in the States where SCHNAPPS has not yet been offered to the trade.

SCHNAPPS is like a cup of fine Java coffee, sweetened just enough to bring out its natural, stimulating qualities. SCHNAPPS pleases all classes of chewers: the rich, because they do not find a chew that really pleases them better at any price; the poor, because it is more economical than the large 10c. or 15c. plugs and they get their money's worth of the real snappy, stimulating flavor so appreciated by tobacco lovers. All imitations contain much more sweetening than SCHNAPPS. They are made that way to hide poor tobacco improperly cured.

For the man who chews tobacco for tobacco's sake, there is no chew like SCHNAPPS.

Sold at 50c. per pound in 5c. Cuts. Strictly 10c. and 15c. Plugs

R. J. REYNOLDS TOBACCO COMPANY, Winston-Salem, N. C.

Threw Himself In Engine's Path.

Danville, Va., Sept. 27.—Charles R. Adams, son of R. C. Adams, a Danville tobacconist, committed suicide by throwing himself in front of a Southern railway passenger train at Spencer, N. C. Adams has been for the past three months employed at a tobacco warehouse at Timmonsville, S. C., and in passing through Salisbury, N. C., stated to several trainmen that he intended to end his life. Upon reaching Spencer he threw himself before a shifting engine, but the engineer, appreciating the situation, stopped the locomotive. A few minutes later he attempted the deed of self-destruction with success. The legs were severed from the body and death was instantaneous. Adams was 31 years of age, and was well known through this section.

The Original.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute It is the best remedy for coughs and colds. J. W. McCollum & Co.

A Clear Complexion and Bright Eyes.

In most cases a sallow, blotched complexion and dull heavy eyes are due to poor digestion and an inactive liver. Orino Laxative Fruit Syrup aids digestion and stimulates the liver and bowels and makes the complexion smooth and clear. Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and pleasant to take. Refuse substitutes. J. W. McCollum & Co.

400 Cases For Supreme Court.

The docket now contains over 400 cases and others will be added before the opening day. Prince, of Phoenix City, is dead from the effects of a dose of "rough on rats," which she took with supposed suicidal intent, at the home of M. B. Seers, in Bibb City. No cause for the act has been suggested. She seemed very much agitated, but would not give her hostess any reason for her troubled state of mind.

NATURE SPARES

The Stricken Rose From Grief.

What a fortunate provision of nature it is, that deprives the rose of mental suffering; for how poignant would be its grief to discover, in the height of its blooming glory, that a canker fed at its heart, and that its beauty and fragrance were doomed forever. Nature always spares the suffering; she is a veritable store-house of pleasing rewards, for those who seek her aid. In the years gone by failing hair and grayness have cast a gloom over the lives of thousands of young women, but thanks to the investigations of scientists the true cause of hair destruction is now known to be a germ or parasite that burrows into the hair follicles. Newbro's Herpicide absolutely destroys this germ, thus permitting the hair to grow as nature intended. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

The man whose wealth-producing capacities swell only the coffers of his master has a destiny not worth working out.

The population of Dade county, as shown by the State census, is 12,089, over half of which is contained in the Miami precinct.

With the high wages demanded by the labor unions and the advance by the material men from everything used in buildings, San Francisco is between the devil and the deep blue sea, so far as rebuilding the city is concerned.

"How to Tell a Man From Chicago," is the subject of a wholly superfluous editorial in The Chicago Tribune. A man from Chicago always tells it "himself," as soon as he gets a chance—though why he does this nobody has ever been able to figure out.

If the Everglades are capable of producing the crops Governor Broward says they are—which is all imagination on his part—the land owners in other sections of the State would be fools to vote to drain them, as that territory, when drained—according to the Governor—would be capable of producing crops to such an extent as to put farmers in other portions of the State out of business. According to the Governor's statement the drainage of the Everglades would make paupers of every farmer in Florida north of the Caloosahatchee.

And now the occupation of the industrious silkworm is gone, its place being taken by the vulgar pine tree. Thus in Harper's Magazine for September, Robert Kennedy Duncan of the University of Kansas tells about the "wonders of cellulose" in this way: "A pine tree is worth $10 a ton, cut and stripped it is worth $15, boiled into pulp it is worth $40, bleached it is worth $55, which, turned into cellulose and spun into silk is worth $5,500." Here is an opportunity for someone to figure out the value of the pine forests of Florida.

WHY GO TO COLLEGE?

We are often asked, should a young man or woman go to college? Nowadays the thing of going to college or not is in the air. We hear it discussed a great deal and hear many arguments both for and against a college course. As to the propriety of it, let it be said that it all depends on so many circumstances that a direct answer is impossible. That every young man or woman should go to college is just as nonsensical as that no one should go at all. Real genius is independent of all conditions, and hence some of the world's greatest men never entered a college door. Such was the case of Abraham Lincoln. It always seems to us that a college education would have spoiled him and crippled his rare genius. But all such men have a training of some kind equal to a college education.

But on the other hand, all other things being equal, a college education is necessarily of great value. Because a few, or even many college graduates are "asses," is no argument against the college. The college cannot change the nature of men or women. If they go into college as impracticables they will as a rule come out the same. A college develops, but does not create. It is an artificial institution and not a supernatural one. The question of going to college or not can only be solved by knowing the man or woman, the college and the circumstances incident to the case. Here, as in all cases, every tub must stand on its own bottom. Individuality must be consulted. Many persons will not take an education any more than some coarse rough stones will not take a polish. To attempt to educate them is to throw away time and money. It is to encourage false ambitions and to breed disappointments. On the contrary, supposing the possession of a good mind and character, there is nothing that can add to its power and usefulness like a college education. Here the mind is taught to work. The foundation may be laid for all future growth and development. A college education of the right kind and in the care of the right person is capital invested, and well invested. It is not simply a money investment, but also a mind and heart investment, and brings pleasure and enjoyment to all the subsequent life. Hence go to college, if at all possible.

FRYING FAT OUT OF THE PROTECTED TRUSTS.

As President Roosevelt is taking "an active and perhaps directing interest" in the management of the Republican Congressional Campaign Committee, it would be interesting to know from him how the "fat frying" from the protected trusts and corporations is proceeding. "Suppose, for example," says Collier's Weekly, "the President of the Waltham Watch Company should write Mr. Sherman a letter saying: 'In profound gratitude for the Dingley tariff, which puts a duty of over twenty-five per cent on watches, and enables me, together with three other firms, practically to monopolize the watch industry in the United States, to sell my watches to Americans for fifty per cent more than I charge to Englishmen, and to pay enormous dividends on my heavily watered stock, I hereby enclose my check for twenty-five thousand dollars to be used for the election of Congressmen whom I can rely on not to disturb the duty on watches.'"

If Chairman Sherman has received such letters what is President Roosevelt going to do about it now that he has decided to "stand pat and pass the hat?"

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Col. T. J. L. Brown of the State Fair Association returned to Tampa this week from Terre Haute, Chicago and other Northern cities, where he went for the purpose of securing amusement attractions for the coming Fair. He secured a number of the finest attractions ever brought to the South, which, for the most part, will be used in the great Hippodrome. This feature will equal the best shows seen at the largest expositions during the last decade. He also booked a large number of race horses, runners and harness, for the State Fair races, which will last ten days. The Fair is being thoroughly advertised throughout the country by the railroads and Fair Association and the attendance of homeseekers will be immense. The Seaboard Air Line and the Atlantic Coast Line alone are advertising the Fair in more than a hundred of the leading newspapers in the Northwest and East. Col. Brown will leave in a few days for New York, where he will secure additional attractions for the great Fair

Men Past Sixty In Danger.

More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostate gland. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rock Port, Mo., writes: "I suffered with enlarged prostate gland and kidney trouble for years, and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years, although I am now 91 years old." J. W. McCollum & Co.

Not a Meat Product.

Washington, Sept. 27.—Secretary Wilson, after conferring with officials of the bureau of animal industry and in response to many inquiries on the subject, so far modified the meat inspection regulations as to hold that mince meat is not a meat product.

TERRIBLE ECZEMA ON LITTLE BOY

Mouth and Eyes Covered With Crusts—Face Itched Most Fearfully—Hands Pinned Down to Prevent Scratching

MIRACULOUS CURE BY CUTICURA REMEDIES

"When my little boy was six months old, he had eczema. The sores extended so quickly over the whole body that we at once called in the doctor. We then went to another doctor, but he could not help him, and in our despair we went to a third one. Matters became so bad that he had regular holes in his cheeks, large enough to put a finger into. The food had to be given with a spoon, for his mouth was covered with crusts as thick as a finger, and whenever he opened the mouth they began to bleed and suppurate, as did also his eyes. Hands, arms, chest, and back, in short the whole body, was covered over and over. We had no rest by day or night. Whenever he was laid in his bed, we had to pin his hands down; otherwise he would scratch his face, and make an open sore. I think his face must have itched most fearfully.

ALFONSO HOHRATH.

"We finally thought nothing could help, and I had made up my mind to send my wife with the child to Europe, hoping that the sea air might cure him, otherwise he was to be put under good medical care there. But, Lord be blessed, matters came differently, and we soon saw a miracle. A friend of ours spoke about Cuticura. We made a trial with Cuticura Soap, Ointment, and Resolvent, and within ten days or two weeks we noticed a decided improvement. Just as quickly as the sickness had appeared it also began to disappear, and within ten weeks the child was absolutely well, and his skin was smooth and white as never before." F. Hohrath, President of the C. L. Hohrath Company, Manufacturers of Silk Ribbons, 4 to 20 Rink Alley, June 5, 1905. South Bethlehem, Pa.

Cuticura Soap, Ointment, and Pills are sold throughout the world. Potter Drug & Chem. Corp., Sole Props., Boston. Mailed Free, "How to Care for the Skin."

Punch Cartoons Cuban Situation.

New York, Sept. 27.—A dispatch from London says that Punch this week has a full page cartoon on the Cuban situation. The picture is entitled, "A Policeman's Lot." President Roosevelt in a policeman's uniform and with a big stick is the central figure. To two Cuban duellists he calls out: "Now, then, you two, stop that game." "What'll you do if we don't," demand the combatants. "Guess I'll make it mighty unpleasant for you," replies the policeman. "And for myself, too," he remarks in answer.

An Ounce of Prevention

Is worth a pound of cure. There are many poor sufferers, consumptives, who are hopeless of getting well—who, if they had taken care of themselves, would now be well. A cough is the foundation of consumption. Ballard's Horehound Syrup will cure that cough. Mrs. S——, Great Falls, Montana, writes: "I have used Ballard's Horehound Syrup in my family for years—my children never suffer with coughs." Sold by W. M. Johnson.

Additional Marines For Cuba.

New York, Sept. 27.—Orders were Tuesday received by Captain Reeder, acting commandant of the navyyard, to send a battalion of marines from the barracks and receiving ship in the yard to League Island, where they will board the armored cruiser Tennessee to go to Cuba. One hundred and eighty bluejackets were sent at 8 o'clock to League Island. Two hundred and eighty marines were sent to Philadelphia Wednesday.

Well Worth Trying.

W. H. Brown, the popular pension attorney of Fittsfield, Vt., says: "Next to a pension, the best thing to get is Dr. King's New Life Pills." He writes: "They keep my family in splendid health." Quick cure for headache, constipation and biliousness. 25c. guaranteed at all drug stores.

$80,000 Relief Fund.

Hong Kong, Sept. 27.—The Chinese subscription fund for the benefit of sufferers by the recent typhoon has reached the sum of $80,000.

"To Cure a Felon"

Says Sam Kendall, of Philipsburg, Kan., "just cover it over with Bucklen's Arnica Salve and the salve will do the rest." Quickest cure for burns, boils, sores, scalds, wounds, piles, eczema, salt rheum, chapped hands, sore feet and sore eyes. Only 25c at all drug stores. Guaranteed.

Negro Editor Left Augusta.

Augusta, Ga., Sept. 27.—After having been mysteriously warned that he must leave Augusta on account of incendiary publications in his paper, a negro journal, the Georgia Baptist, W. J. White, a negro preacher, notified Mayor Allen that he would get out of Augusta and never return. He left on the midday train, and his paper is not to be published any more. White has several times in the past been the cause of incipient disturbances between the races by expressions through his paper, and a few years ago was saved from injury and his office from destruction by a mob which had surrounded it with the intention of applying the torch, by a prominent attorney. He was advised by conservative men of both races that it would be safer for him to leave, and he accepted the advice.

Starving to Death.

Because her stomach was so weakened by useless drugging that she could not eat, Mrs. Mary H. Walters of St. Clair St., Columbus, O., was literally starving to death. She writes: "My stomach was so weak from useless drugs that I could not eat, and my nerves so wrecked that I could not sleep; and not before I was given up to die was I induced to try Electric Bitters, with the wonderful result that improvement began at once, and a complete cure followed." Best health tonic on earth. 50c. Guaranteed by all druggists.

Jerome's Candidacy Withdrawn.

Buffalo, N. Y., Sept. 27.—District Attorney Jerome's candidacy for governor was practically withdrawn Tuesday at an adjourned meeting of anti-Hearst Democrats. At the meeting, which was attended by representatives from about 25 counties, it was decided that the delegates opposed to the nomination of William Randolph Hearst should concentrate on either Judge Gaynor or Mayor Adam as an expediency may require.

LITERARY EXERCISES AT THE UNIVERSITY OF FLORIDA THURSDAY

A Large and Enthusiastic Crowd Gathered to Hear Speakers.

WAS A HAPPY GATHERING

Formal Exercises of the Opening of One of the Greatest Institutions of the South in Gainesville Were Held in University Chapel.

With all the splendor and the pomp and the dignity of the glorious State of Florida, every section of the State being represented, the new University of Florida has been launched upon the educational sea, and judging from the beginning, this year will eclipse anything of the kind ever known in the State. Within the next two weeks President Andrew Sledd feels assured that there will be one hundred and fifty students enrolled, against a maximum of one hundred and thirty last year.

All of Gainesville, male and female, from the wee bit of a youngster to those who were so advanced in age they could not walk and were compelled to take other means of conveyance, were present in the opening of the exercises at 3 o'clock Thursday afternoon—and a happy crowd it was, too. The babies laughed and cooed as if they understood the situation; the faces of the elder ones were wreathed with smiles of satisfaction, the speakers seemed at the best and most enthusiastic mood, and in all it was an occasion the like of which was never before witnessed in this city.

The exercises were opened by an invocation by Rev. Thos. P. Hay of the First Presbyterian Church, when the following program was carried out:

Address of Welcome—Hon. W. W. Hampton.

"Education and Citizenship"—Governor N. B. Broward.

Music—Grunthal's Orchestra.

"The Unity of the State School System"—President A. A. Murphree of Florida Female College, Tallahassee.

"The University of the State of Florida"—Hon. N. P. Bryan, Chairman Board of Control.

Benediction—Rev. Thos. P. Hay.

At the conclusion of the literary exercises, the ladies of the city held an informal reception, which afforded an opportunity to the students to meet the people. This feature was also very pleasant and easy, as it was entirely informal, and everyone mingled with a freeness and understanding that "everybody had the right to know everybody."

During the exercises the magnificent buildings were open for inspection of the public, and the halls and various departments were thronged at all times.

The following is the faculty of the University for the year:

Andrew Sledd, Ph. D. LL. D., President, and Acting Professor of Philosophy.

Jas. M. Farr, A. M., Ph. D., Vice-President and Professor of English.

W. F. Yocum, A. M., D. D., Professor of Education.

Edward R. Flint, B. S., Ph. D. M. D., Professor of Chemistry.

M. T. Hochstresser, B. S., M. E., Professor of Mechanical Engineering and Drawing.

Karl Schmidt, A. M. Ph. D., Professor of Mathematics and Astronomy.

E. H. Sellads, M. A., Ph. D., Professor of Zoology and Geology.

J. R. Benton, A. B., Ph. D., Professor of Physics and Civil Engineering.

David Yancey Thomas, A. M., Ph. D. Professor of History and Political Science.

Jas. N. Anderson, A. M., Ph. D., Professor of Latin and Greek.

C. L. Crow, M. A., Ph. D., Professor of Modern Languages.

N. H. Cox, B. S., Assistant Professor of Civil and Mechanical Engineering.

W. L. Floyd, B. S., Assistant Professor of Biology and Physics.

Other Officers.

W. P. Jernigan, Auditor and Bookkeeper.

J. A. Forsyth, Physical Director.

W. S. Cauthen, Librarian.

Mrs. S. J. Swanson, Matron.

I. C. Algee, Stenographer.

The day's exercises were closed with a dance at the opera house Thursday night, which was well attended by the students and the young people of the city. The music was furnished by Grunthal's orchestra.

In Memory of Mrs. J. J. Slappy.

Dear, dear Mrs. Slappy. Gone, gone to her eternal reward. Her's was a noble life. A devoted wife, a kind indulgent mother, a good neighbor. She was the ministering angel of her family, doing for, guiding and directing them even unto her old age; and nursing and ministering unto her neighbors in sickness and trouble. She was consecrated to her Lord, loving all good works, loving her church and pastor, doing unto others as she would have them do unto her, and lending a helping hand here and there where it was needed, not thinking of herself but the good she could do.

Unassuming and unpretentious, kind, gentle and unselfish, her's was a life to be patterned after. Having such a sweet disposition she was loved not only by her own family but by everyone who knew her.

May the peacefulness and happiness of knowing that she is with her Lord and Savior, rest upon the aged husband and children, and may they in their hour of trouble bow down to Him, feeling that "Thy will, not ours, be done," knowing that with her it is "Well done thou good and faithful servant, enter thou into the joys of thy Lord."

Telegram From Mr. Holloway.

Hon. W. M. Holloway, State Superintendent of Public Instruction, who is one of the best friends the people of Gainesville ever had, having been detained in Tallahassee on account of illness, sent the following felicitous telegram to Dr. Andrew Sledd, president of the University of Florida:

"Tallahassee, Florida, Sept. 27, 1906. Dr. Andrew Sledd, President University of Florida, Gainesville, Fla.: Convey to the people of Gainesville my sincere regrets that I cannot be present. I congratulate you upon the auspicious opening of the University and express the hope that this brilliant beginning may be the earnest of greater things for higher education in Florida. With cordial greetings and best wishes, W. M. HOLLOWAY, State Superintendent Public Instruction."

New Hair
Ayer's Hair Vigor makes the hair grow because it is a hair-food. Feed the hair-bulbs, and the hair grows. That's nature's way, and that is all there is to it. Strong and healthy hair stays in, keeps soft and smooth, and grows thick and heavy. Then old nature with Ayer's Hair Vigor. A little of it often does great things. There's genuine comfort in a handsome head of hair. J. C. Ayer Co.

...LLIAM THOMAS WAS BOUND OVER

...ing to Absence of Witnesses ...se Postponed Until Saturday.

...GUMENT OVER 14 CROSSTIES

...med to Cause All the Trouble and ...he Death of Scofield—Large Num...er of Country People Attracted Here ...y the Trial.

Wm. Thomas was arraigned in Jus...e Colman's court in this city Thurs...y afternoon upon a charge of the ...urder of Maxie Scofield at Bell on ...e afternoon of the 24th inst., but in...much as all the witnesses summoned ...y the State were not present, the ...earing was postponed until Saturday ...orning at 9 o'clock, and the defend...nt remanded to prison, as no evi...ence had been submitted.

The story of this homicide has al...ready been published. It may be well to state, however, that Thomas and Scofield were engaged in the crosstie contracting business in the vicinity of Bell. It is alleged that the trouble originated over the ownership of fourteen crossties. It is further stated, as was brought out at the commitment trial before Justice Barron at Bell, that Scofield became very angry, and afterward went to Thomas' home, where he stopped in front of the gate, flourishing a pistol, and threatened to kill Thomas if he came out of the door. It is further said that Thomas got his gun and went to the door, when the attention of Scofield had been directed elsewhere. Thomas fired, with the result that Scofield's death was instant.

This seems to be rather a peculiar case, if we are to judge by the arguments of the attorneys. It seems that Thomas, after the killing, was arraigned before Justice Barron, evidence taken, and the defendant released. This did not satisfy some of the people of Bell, and another trial was had, the defendant being re-arrested and re-arraigned, this time in Justice Barron's court before a jury. The jury, after hearing the evidence submitted in the former hearing, decided that the defendant was not guilty, and again he was released. He was arrested for the third time and brought to Gainesville, and after arriving here it appeared that there was a flaw in the warrant, and another was necessary before the trial could proceed.

The defendant was anxious to bring the hearing in Justice Colman's court to a speedy conclusion, but the court turned a deaf ear to the pleading of Judge Syd L. Carter, Evans Haile and B. A. Thrasher, attorneys for Thomas, who insisted that Thomas either be arraigned and the testimony of the State witnesses taken at once, or the defendant released upon bail. The court ruled that he must go to prision until Saturday, pending the arrival of State witnesses who were not present when their names were called.

Attorney J. M. Rivers represented the prosecution.

BUILT UP HER HEALTH

SPEEDY CURE OF MISS GOODE

She Is Made Well by Lydia E. Pinkham's Vegetable Compound, and Writes Gratefully to Mrs. Pinkham.

For the wonderful help that she has found Miss Cora Goode, 255 E. Chicago Avenue, Chicago, Ill., believes it her duty to write the following letter for publication, in order that other women afflicted in the same way may be

Miss Cora Goode

benefited as she was. Miss Goode is president of the Bryn Mawr Lawn Tennis Club of Chicago. She writes;

Dear Mrs. Pinkham:—

"I tried many different remedies to build up my system, which had become run down from loss of proper rest and unreasonable hours, but nothing seemed to help me. Mother is a great advocate of Lydia E. Pinkham's Vegetable Compound for female troubles, having used it herself some years ago with great success. So I began to take it, and in less than a month I was able to be out of bed and out of doors, and in three months I was entirely well. Really I have never felt so strong and well as I have since."

No other medicine has such a record of cures of female troubles as has Lydia E. Pinkham's Vegetable Compound.

Women who are troubled with painful or irregular periods, backache, bloating (or flatulence), displacement of organs, inflammation or ulceration, can be restored to perfect health and strength by taking Lydia E. Pinkham's Vegetable Compound.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Her experience is very great, and she gives the benefit of it to all who stand in need of wise counsel. She is the daughter-in-law of Lydia E. Pinkham and for twenty-five years has been advising sick women free of charge. Address, Lynn, Mass.

NORMAN CUTTER CURED.

Has Been Discharged From Asylum of the Insane at Chattahoochee.

Norman Cutter, a well known character in this city who makes people happy by trimming their lawns and making himself generally useful in yard work, has returned from Chattahoochee, where he was sent a few months ago, after the death of his wife, as an insane person—non compus mentos, as the doctors declare it.

Mr. Cutter was seen yesterday by The Sun representative. He stated that he was well treated in that institution, that he was given all the liberty usually accorded a man who is supposed to be crazy, and that he had enjoyed himself to the fullest extent, because he had been treated nicely and well fed.

Mr. Cutter, it will be remembered, had the misfortune to lose his wife in June, which so distracted him that he was taken before a committee, adjudged insane, and sent to Chattahoochee. He is now completely cured, and hopes to gain back the patronage on lawns and gardens which he lost during his absence from the city.

A SPECIAL TERM.

Levy County Circuit Court Will Try Priest Case in Late October.

Judge Syd L. Carter returned to the city from Bronson Thursday, where he has been in attendance at the session of the fall term of the circuit court of Levy county.

Judge Carter, with other prominent attorneys had been employed to defend R. G. Priest, who is charged with the killing of Marshal I. N. Chance of Morriston on the night of June 12. Inasmuch as there is a great deal of testimony to be taken in this case, and there seems to be so much interest manifested, His Honor Judge Wills decided to call a special term for October 30, at which this case will be tried.

The regular fall term of the court adjourned Wednesday night, after a session of three days.

She Found Relief.

If you are troubled with liver complaint and have not received help read this. Mrs. Mary E. Hammond, Moody, Texas: "I was in poor health—with liver trouble—for over a year. Doctors did me no good and I tried Herbine, and three bottles cured me. I can't say too much for Herbine, as it is a wonderful liver medicine. I always have it in the house. Publish where you wish." ATLANTA SITUATION BY GAINESVILLE LADY

She Writes Interestingly of the Race Troubles There.

HEAVY SALE OF FIREARMS

It is Stated That $30,000 Worth Have Been Sold During the Riot—Negroes Being Disarmed—Churches Advocate Cessation of Riot.

Feeling that readers of The Sun would feel especial interest in a report of the situation in Atlanta by a resident of Gainesville, The Sun takes the liberty to publish the following extract from a letter written by Mrs. J. E. Futch, now in the Georgia city, to a friend here:

"Regarding the condition of the race trouble which has been going on here: Conditions are much disturbed yet and the trouble begun Saturday does not see it's end now.

"All churches preached against the rioting by whites of Saturday night at services Sunday morning. There was none at many of the churches in the evening. A mob chasing a negro broke up the meeting Sunday evening at Wesley Memorial Methodist Church, white.

"The troops and police keep any more mobs of whites from forming. The people on the outskirts and on streets not in the very center of town have not slept for the past two nights. The women are afraid and the men are on guard, for reasons backed by incidents of Sunday night.

"There has been no trouble since Sunday which was not caused by lawless negroes, and if the negroes do not retaliate the trouble will die away soon. Many negroes are leaving the city. Few have gone to work this week. All factories are closed. Since Saturday night there has been thirty thousand dollars' worth of arms sold. The negroes are being disarmed by the military and police.

"The city is under good control of the military, and as all the saloons are closed and negroes being disarmed, we look for quiet soon.

"Much praise is due to the mayor for the suppression of the rioting that has been done and attempted."

Another Automobile.

Jerry Runkle has "got above" his friends for the past two or three days, since he has received a handsome buckboard automobile which sits high in the air with its occupant, the proud owner. Gainesville is becoming quite an auto town, and it will not be a great while before they will be common about the city.
